

## Panel - Bug # 156: Secure all forms against CSRF

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	admin	<b>Category:</b>	
<b>Created:</b>	2017-04-04	<b>Assigned to:</b>	
<b>Updated:</b>	2017-10-09	<b>Due date:</b>	
<b>Subject:</b>	Secure all forms against CSRF		
<b>Description:</b>	A number of forms on the Panel are susceptible to Cross-Site Request Forgery. Any form which does a POST will need protecting. Reported in RT#8731.		

### History

#### 2017-04-06 15:10 - admin

As the remaining forms are only for trivial uses, or redirect to third party suppliers (e.g. for payment), there's probably no harm in listing them.

Forms at the following paths need fixing:

- \* -/xfer/-
- \* -/account/config/-
- \* -/account/-
- \* -/account/invoices/pay/-
- \* -/account/invoices/-
- \* -/fun/-
- \* -/dns/rev/-

#### 2017-04-08 18:43 - admin

These two done (on test site):

- > \* /xfer/
- > \* /account/config/

#### 2017-04-08 21:29 - admin

Done:

- > \* /account/

#### 2017-04-09 21:13 - admin

Done:

- > \* /account/invoices/pay/

#### 2017-04-11 13:50 - admin

- Status changed from In Progress to Resolved

All remaining forms have now been secured against CSRF.

#### 2017-10-09 00:24 - admin

- Status changed from Resolved to Closed
