

Panel - Feature # 178: Reject already-compromised passwords

Status:	New	Priority:	Normal
Author:	admin	Category:	
Created:	2019-01-19	Assigned to:	
Updated:	2019-01-23	Due date:	
Subject:	Reject already-compromised passwords		
Description:	It is possible to use the HaveIBeenPwned password API to check if a proposed password has already been leaked: https://haveibeenpwned.com/Passwords The Panel could use this to reject new passwords if they are already known to be used/leaked.
