Subject:	Display details of ban	DIsplay details of bank account for Direct Debit mandate			
Description:	Currently when a Direct Debit mandate is in place, this is what is displayed:				
	<pre></pre>	·			
	Bank reference	BITFOLKLTD-ABC	DE12		
	Next possible charge	Next possible charge date 2021-04-12			
	Status Ac	Status Active			
	A customer ticket asked for the details of their bank account so they could work out which bank account their				
	Direct Debit had beer	Direct Debit had been set up against.			
	In theory this is possible by taking the reference @BITFOLKLTD-ABCDE12@, logging in to every online banking and seeing if it is there. GoCardless does however hold some details about the linked bank account:				
	<pre>&lt;</pre>				
	Status Active	Status Active			
	Created 1st Ja	Created 1st Jan 1970			
	Account holder JB	Account holder J BLOGGS			
	Account no. ending â	Account no. ending ••••••00			
	Currency GBP				
	Bank name EXA	AMPLE BANK LIMIT	ED		
	•				
	So in order to make this easier we should probably request this and display account holder, account number				
	and bank name. We can only get the last two digits of bank account number.
